

Sida's helpdesk for Health and SRHR

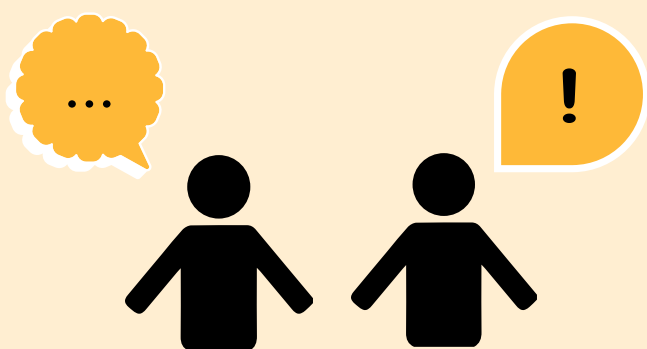

Hosted by KIT (Royal Tropical Institute)

1. Contact us

- Do you have questions on health?
- Want a desk study done urgently?
- Need help preparing for an important meeting, a document review, or a second opinion on strategies or proposals?
- Or any other need for technical support or expert advice for advocacy, dialogue, methodology and project implementation?

We can help! All Sida and Swedish embassy staff can request support via the [form](http://www.kit.nl/sida) at www.kit.nl/sida or sida@kit.nl.

3. Agreement

Based on your needs, we will match you with our expert KIT advisors.

You can directly discuss deliverables, start date and deadline with your advisor(s).

For assignments up to 3 days of work, there's no need for a contract. Easy!

2. Defining your need

A KIT advisor will contact you within half a day (Mon-Fri) to follow up.

The clearer the request, the better we can assist you. If needed, we can help you better specify your need and propose next steps.

Want to chat to one of our advisors? No problem, please email sida@kit.nl to schedule a call!

4. Implementation

The advisor will complete the assignment as agreed upon

If preferred, the advisor will update you on progress and findings.

If it becomes clear that follow up assignments are necessary, a longer collaboration can be discussed.

Done!

We will send you a short evaluation so we can improve our service. Thanks!
